

How much monthly payout will I receive if I am not on CPF LIFE?

If you've reached age 65, you can check your monthly payout in your Retirement dashboard. If you've not reached age 65, we will notify you three months before your 65th birthday regarding your options on your monthly payout and the decisions that you need to make. Do note that if you are born in 1958 or after, you may be automatically included in CPF LIFE, which provides lifelong monthly payouts.
