

What happens after I have activated the CPF Withdrawal Lock?

The CPF Withdrawal Lock will disable online CPF withdrawals instantly. If you would like to re-enable online CPF withdrawals, the fastest way is by increasing the Daily Withdrawal Limit via Account settings with Singpass Face Verification. It takes 12 hours to take effect, and thereafter you can make an online withdrawal to your Paynow-NRIC linked bank account. Alternatively, you can make an appointment to visit us to perform your transaction and you will generally receive your CPF monies via Interbank GIRO within 5 working days.
