

What is GovCash?

GovCash is a payment mode that allows Singapore citizens to withdraw their Government benefits in cash from over 500 OCBC ATMs located across Singapore. Singaporeans who prefer to seek assistance with their GovCash withdrawals can visit the ATMs located within OCBC's branches during operating hours, where OCBC Digital Ambassadors will be present to guide them. In addition, GovCash also allows recipients to use the scan-and-pay function and PayNow transfer option through the LifeSG mobile app.
