

Will I be notified when my CPF savings have been paid to me via PayNow?

Yes. With PayNow, you will be notified when your CPF savings have been paid to you. If you have registered an email address under "My Notifications", you will receive an email when the status of your online application is updated. If you do not have a registered email with us, but have a mobile number in our record, you will receive an SMS notification. You can also check the status of your application under "My Activities." In addition, if you have opted to receive SMS alerts with your bank, you will receive an SMS notification on your mobile number registered with your bank when the payment is made to your PayNow registered NRIC-linked bank account.
