

What can I withdraw from my CPF after the closure of my Special Account?

After the closure of your Special Account (SA), you can continue to withdraw any amount from your Ordinary Account, after setting aside your Full Retirement Sum in your Retirement Account (RA). You can also continue to apply to withdraw your RA savings down to your Basic Retirement Sum if you own a property in Singapore with remaining lease that lasts you until you are 95 or older. Find out more information on the withdrawal of CPF savings for property owners.
